NOTIFICATION

Subject: Multiple Teachers Training Sessions to be conducted by CBSE in association with Google for the “Be Internet Awesome” Program- reg.

NEP 2020 speaks of technology as assisting teachers, bridging the language gap between teachers and students, building digital libraries, popularizing language learning, and ensuring greater educational access (specifically for differently-abled children). In keeping this spirit alive, CBSE in partnership with Google India is organizing training on ‘Be Internet Awesome’, a program dedicated to safeguarding learners and facilitators alike while exploring the online world.

Since the pandemic, online learning has become an inseparable part of the teaching learning scenario in schools across the country and hence, the need to navigate safely is paramount. This program aims to empower users by educating them and providing them with the right tools and information for their online safety. One critical aspect of this commitment is also to ensure parents and students have the right tools that they need to explore the internet confidently.

Professional Development via Webinars (Online)

The first engagement of this program involves learning through webinars. These trainings will be conducted in a series of **2 webinars and 1 voluntary follow-up session**, for the next 6 months to accommodate teachers pan India. **Teachers are required to attend 2 webinars and 1 follow-up session.** Each participant will then train a minimum of 100 students to become eligible for the CBSE-Google certificate.
